

The Global Sustainability Coalition for Open Science Services (SCOSS)

SCOSS is a consortium of organisations, founded in 2017, whose mission is to secure OA and open infrastructure financially by providing funding to non-commercial services on which open access and open science depend.

So far, it has provided c. \$6.5m to fund over 15 infrastructures, among them (and at first) [DOAJ](#) and [SHERPA/RoMEO](#), and more recently [DOAB](#), [ROR](#), [arxiv](#), [AJOL](#) and [others](#). Many of the SCOSS members are library consortia or individual libraries.
